Ultra Low Emission Zone Warning Notice

PCN No: YJ00691944

Date: 02/05/2019

On 8th April 2019 the Ultra Low Emission Zone (ULEZ) was introduced in central London to clean up London's dangerously polluted air, which contributes to thousands of early deaths each year and is putting the health of children at risk.

Vehicles driving in the ULEZ including motorcycles, mopeds, motorised tricycles, quadricycles, cars, vans, lorries, buses, coaches, minibuses and other specialist vehicles, must now meet new stricter emission standards or pay a daily charge. This is in addition to the Congestion Charge and Low Emission Zone charge if applicable to your vehicle.

On 27/04/2019 your vehicle, which according to our records is a vehicle subject to the ULEZ Charge, was seen being driven in the ULEZ without having paid the appropriate charge.

On this occasion you have been sent a Warning Notice rather than a Penalty Charge Notice (PCN).

While TfL has decided not to issue a PCN on this occasion we reserve the right to issue a PCN for any future contraventions.

If you wish to continue using your vehicle in the ULEZ you will need to pay a daily ULEZ charge. The charge is £12.50 for cars, motorcycles and vans (up to 3.5 tonnes), and £100 for heavier vehicles, including lorries (over 3.5 tonnes) and buses/coaches (over 5 tonnes). If no charge is paid a Penalty Charge Notice (PCN) may be issued.
